Title: Dvd South of the Border with Koch's security man Rolando. [REDACTED] - just ring gate bell and ask for Rolando. He will bring it to door.

Oliver Stone's documentary, "South of the Border" is a sympathetic look at every South American rebel/dictator and how American government misunderstood their honorable fight for the poor people.  
Please watch and tell me what you think...will bleeding heart media liberals like this?

Will Pepe Fanjul have a heart attack if he sees it?

I can drop off on the way to Maralogo at 8:10pm. I need you to look at it and tell me what to think.
