I hate dealing with people and I am bad at it!

Just haven't really found something I can do that doesn't involve people.

Girls aren't taken seriously dealing with math, money or "ideas". Seems like they are talking out of turn or something. Strange.

I meant "get lucky" by catching you near a phone silly! Im not optimistic that I have any luck in my future.

Although I might get to meet the Devil who Wears Prada!
