I'm already worried!

I'm missing so many things now coz I don't have money I spent everything I had. I hate this situation.

And from the agency they promise me jobs untill the end of the month!

And when something goes wrong more things will go wrong! My phone is broken, I was supposed to get a new one from the t mobile company, and then, after a week they tell me they couldn't find my guarantee! I hate their system!

My moral is still up, I'm trying to convince myself that all the worse things will come with a good end. I'm still waiting for it!

:)

Thank you for "listening"...
