What type of big trees are you thinking and for where exactly? Palms? We can get some coconuts and other palms in varying sizes from St. Thomas and for larger numbers in Puerto Rico. Igala Joseph, our new landscape supervisor has some good contacts in P.R.

Also, I'll do a little more detail on placing the tennis in the Pop's Garden area, but I promise not to color the plan.

See ya,

Here is a section view and site plan for the tennis court just below the gym area. The tennis court could be "benched" into the slope with retaining walls. The site plans shows 2 options for the location: A. below gym & B. at Pop's Garden. The Pop's Garden site would require adding on to the existing walls to allow the court to fit.
