Jeffrey, of course you can get commission except I don't think I'll make much styling with next.

I'd have to start my own collection or magazine and maybe I'll make good money :-  
)

Anyway, of course I'd meet the owners of Next. If they represent stylists, it will be great. Who should I call? Let me know and I will asap while I am in NY this week.

Hope you are well!! See you soon!!

Sam please can you tell Jee when you could visit the owner(s) of the Next.

They are always looking for stylists and it would be great that they meet you in person and see your work.

Jee you should get a commission of possible job or at least an intro to the top talent ;)

Jee - Thank you so much!!!
