**Subject:** Sorry for a long letter

When I said that I m upset that he texts "I miss YOU" to his ex (who did a black gut when dating him and told him she never loved him) he said:

1. I have daughter with this girl. And have to do it. And u r ALWAYS paranoid. So if u don't understand it we r done.
2. I m doing EVERYTHING for u but u r never happy. That's why u r not working and doing anything. How would u support yourself if I wasn't here? (He never gave me more than 100 for taxi for a few days))
3. U think u r so clever, after studying Spanish for 3 days u HAVE BOLLES to say ur Spanish is better than mine). ...

Tha last one is my favorite)

And I was ready to jeopardize my success cause of this insecure nervous drug addict... (Not even mentioning our sex life...)

Thank u) kiss
