**Subject:** hey its me

sorry we didn't speak. i just left the house, was there longer than expected. i called NY but you've already left.

i had a great meeting at Dawnridge, there is something to explore here I think, there's a sense of play and appreciation for uniqueness and beauty in their design that I haven't seen in a while. So good meeting, i'll send along some pictures when i receive them from Fred and we can chat.

hope you had a great time in ny!
