Hi Daniel,

I had a phone call saying that you spent 1300 Euros for your trip in Latvia, and that I have never sent you any money for it.

When we have discussed your fees, 3.000 Euros monthly, you have told me that you were paying for your travel expenses. I have even asked if you wanted me to purchase a ticket EuroPass, you said that you didn't needed it as train was cheap. I have transferred you not one month, but two month fees (6.000 Euros). 10,000 USD is an important investment for scouting.

You have done one trip of four days and I haven't got any models for NY.

At my next trip to Paris, we will discuss the future, and see if some girls can come to model in NY. We should think how to find a solution that will satisfy both of our interest.

Take care  
Jean Luc
