Subject: RE:

Good Morning Jeffrey,

Darren has addressed this email as a requirement for a telecommunications consultant to assist with an overall design of data and telecommunications for LSJ/Zorro and FTC. To date I have been working with the Val-Comm guys out of NM who are regularly consulted for Zorro communications. They have been a primary contact for research as well as quotes in the past for work at Zorro, LSJ and FTC. Darren has emphasized that there may be a need for a global IT/Telecom consultant. Perhaps we can have a brief discussion about this when you have a minute.

Thanks,

WM
