Jeffrey,

I thought I would fwd his email from Roy at St. Thomas Jet center, since he indicated that the governor was involved in this:

Roy thought this would help us get ramp priviages at the airport, I do not know how true that is:

Fuel cost would be \$2.75 cents, I will confirm that if you decide to do this:

flight time from St. Thomas to Haiti is 1+20min, I could take round trip fuel from STT, I fugure \$6,000.00 in fuel costs, maybe more if I have to hold before landing in Haiti.

thank you,

Larry

Hi Larry,

Just a short note RE: Earth Quake Ravage Nation of Haiti, I was wondering if you can talk the Mr. Esptien about make a humanitarian flight to Haiti in the Gulf-stream.

The name of the lady who has organized this effort is Ms. Carmen Partoridge and Cell number is [REDACTED]  
[REDACTED] she is working in-conjunction with The Schneider Regional Hospital and the Office of the Governor

Mr. Susman has already donate his aircraft on Monday and is schedule to do two more Humanitarian flights this weekend.

These humanitarian flights consist of taking food, Medical Supplies, Doctors and Nurses to Haiti

Inform Mr. Epstein that he will be getting some Media Coverage and publicity and that will definitely be very good for him.

I also learn that the FAA and the Military is controlling the airspace in Haiti, if you need any more information please contact Ms. Partordge at [REDACTED]

Mr. Hancock will also make a contribution toward fuel

Best regards  
Roy Romney
