Since I got back I got up at 5 am to serve you breakfast after rubbing your head and scratching your back to sleep, at 10am I went to buy groceries while you were busy, offered you and Tommy snacks, brought [REDACTED] here, you started talking to her while I watched the massage dvd as you asked. I came downstairs 2hrs later, you still with [REDACTED], I served you coffee. I cooked with valdson, Learned his fried egg and potatoes breakfast. I made eggs in potatoes with truffles. Served it. I made the fried poached egg, rubbed your feet, your head, your back while z is sitting on the couch. You suggested we go see a movie. I offer the sex dvd. We get ready to see a movie, you say you want 10 min with [REDACTED]. 1.5 hour later, [REDACTED] comes down, I ask if you need anything, make you a water bottle and we leave. Next day you wake up [REDACTED] at 8, talk to her, wake me up at 9.30 to cook, I make baked eggs while you are again with z. I serve the eggs. you go upstairs to see z. You talk to your guests outside, I come over to offer coffee or tea and serve it. You suggest i go flying. Too late to make an appointment so instead i choose to go work out with z and leave after i tell igor to work out with you in 20 min. You send me an email, I immediately take [REDACTED] and return, without getting to work out myself, I set up the massage table, offer you a double massage. We talk, you use words like fuck you and you must be stupid. I do your stretching, you go play with [REDACTED]. [REDACTED] comes, I go buy magazines. I come back, help set up for dinner, clean the plates. Everyone leaves, I ask what I can do for you, I make you a bath, you say we'll watch a movie alone, go play with [REDACTED], take your bath, I give you a facial, rub your feet. No movie, you are too tired. I offer to rub your feet to sleep. Today I wake up, ask what I can do, you say there is not much today, ask me to schedule [REDACTED] and go flying. It's too late for flying but I ask about the day off and take it. Even though I lost most of it having to spend it with JL because I didnt want to upset him, it was still my free day with no responsibilities and you throwing a fit at the end of it is wild..
