Do we have a direction for the aft facing divan arm design?

We need to keep this moving forward to stay on schedule.

Sincerely,

Mr. Epstein,

As per Eric's request I have taken a photo showing the full perspective of the aft facing divan back rest cushion with the cut down arm rest in place on one side and the full size arm rest on the other.

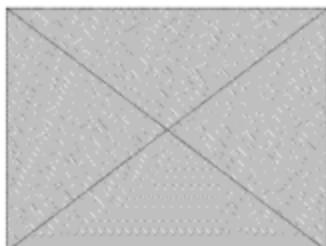

Please review the photo and let me know if you need any additional photos from another view to make your decision.

We would like to have a firm direction today so production is not held up for the completion of these cushions.

Sincerely,

Jay Massar

Jay,

Mr. Epstein would like for additional photo's of the fwd divan with the "cut down arm rests".

Apparently the last photo I sent him was taken too close and did not provide him with a broad enough perspective.

Please send a few photo's to Mr. Epstein Monday morning and then communicate with him so that we can keep on schedule.

Please cc: Larry Visoski on all correspondence.

Larry – Please have JE "CALL" Jay after he has reviewed the photo's to discuss. It is entirely way too time consuming to go back and forth with one liner e-mails. We want to make sure JE is satisfied and need to conclude this on Monday.

I am available all day on my cell if you need to reach me.

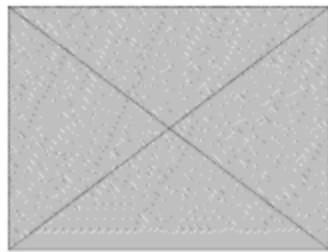

Thank you.

Sincerely,

Eric Roth
