Am only human.. I sincerely hope we CAN be friends. I think it would be a lot of fun. Have shared a ton with you though like a trusted relative. So I hope that it doesn't stop here. Your opinion means a lot to me. I guess because I feel like such an alien most of the time.

And its special to meet a fellow alien. I guess I strike a lot of chords with you in terms of stereotypes of woman and now woman ceo which makes me sad because have always prided myself in trying to do my best and that somehow that would make me original. And on this one I guess I'll keep painting away at my picture here. You've met me at my worst which is unfortunate. I do hope we can be friends -- its probably the best thing you can offer up right now anyway.

Thanks anyway for listening. I trust my secrets are safe with my priest.
