Dear Mr.Jean Luc,

How are you? I hope this email finds you well. You porbably don't remember me, but i was with Karen Models 5 years ago. Now I live in Mongolia, and work for my husband. Our company operates a department store in Mongolia, and currently opening a new one. I have attached a breif presentation of the project, on the floor plan you can see what brands we carry. If it is not inconvenient for you, can I please ask you a favor? As a big man in fashion industry in New York, you must have all the connection.

My question is, our company is interested in opening a RALPH LAUREN boutique in our shopping galleria, and I thought if I can get to the right person at ralph lauren through a respectable person like yourself, i might succeed. Please Mr.jean Luc, help me to find the right person at ralph lauren.I will be in debt for you forever.

Hope to hear from you soon,

Thank you for everything,

Sincerely Yours,

Mugi Enkhbaatar
