We discussed that the "ends" (that will face the windows) will be flat and meet the face of the cushion with a welting like the photo.

No "center arm rest" – we've discussed this in the past as well as yesterday – it will have the outboard arm rests.

Without pleats it will look almost identical to your divan.

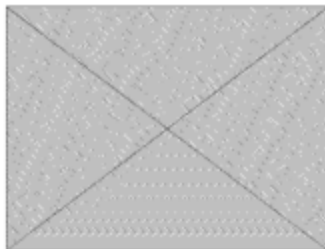

Personally I prefer to have the pleats as there is no purpose without a center arm rest.

You can call me to discuss if you wish, but we need your direction this morning.

Dear Jeffrey,

Yesterday's skype meeting went great – thank you.

The question came up this morning regarding the divan opposite you –

This divan does not have an arm rest.

Do you want the pleats to run straight through in this center are absent of the arm rest or do you want it to look like the aft divan (without pleats)?

Please let me know this morning so we can continue.

Sincerely,
