Dan Dubno called with the following:

Simon Winthrop, the magician fellow who had lunch with you a few weeks ago emailed me saying someone from NY Times called him asking him if he had performed at a party for you about a month ago...Simon said no he hadn't then hung up. I don't know how someone from the NY Times could find out that Simon saw you...I said nothing to anyone about Simon having lunch with you. Simon does not know the name of the person who called him from the NY Times. Just thought this was something I needed to pass along.
