Subject: update

Jeffrey,  
the only item left is audio panel:  
-we have counter to counter via airlines our audio panel to Duncan Avionics in Lincoln Nebraska, with hopes of a one day turn around of our audio panel and receive late tomorrow night, IF parts are available and in stock.  
-back up plan: Duncan is sending an audio panel with same part number with different Mod status, Gulfstream said they will try to make this panel work in our aircraft with minor wiring changes.

I'm trying to work all the angles to make this trip for you happen. my apologies for this nightmare, I never give up.

thank you,  
Larry
