Title: Re: I didn't have anything white so I wore a black dress and I think it had a similar effect..
People loved the hair, especially John. Katinka said it was more chic and refined. I'm still completely in love with it. :)

By the way, I've just applied for a faculty position here: <http://escience.washington.edu/> It's a senior faculty search so who knows but it is a very interesting institute.

You seem pretty busy these days – hope that's good. And hope you had a good thanksgiving.
