Boris' parents are visiting starting tomorrow so he's about to travel to entertain them but I know he will email.

He's eager to talk to you

We will figure out a time to come together.

More when I have had a chance to talk to him.

Hey I think I am right about Yoga being the opposite of endorphins and zero sympathetic. Its all parasympathetic.

Sent you and Boris a note.

Have you figured out SMS (text) yet?

Why don't you let \*ME\* run your foundation again? I could practice [REDACTED] half time and run your stuff the rest of the time. I'm credible and I actually like being around you, sometimes. I also know how to do foundation stuff really well now. You'd need to do some restructuring and establish your goals. I'm not that old yet - I think I have 3 more productive years and then I become stupid old lady.

Boris is moving towards working full time with Bill (that's still confidential) and if I came to work for you, Boris and I could work closely together to sniff out all the good science.

As with you, trust is very important to Boris. He will want to know if he can trust you and how much he can tell you. I guess it just takes time.

We will both be in Miami in mid-December (probably on a Monday) but if we could figure out how to get from Miami to WPB maybe we could stop by to see you?
