Subject: Vibration Test Flight

Dear Steve,

I will be driving up to AAG tomorrow morning and be there ready for what I anticipate to be a 10:00 or so flight start.

I will be bringing various densities and pieces of the Confor foam for vibration testing.

I look forward to what I hope to be a productive and meaningful test flight.

My contact information and cell # is below should you need to reach me tonight.

Thank you and have a good evening.

Sincerely,

Eric Roth
