Title: Headset hook positions

Larry,

I told Tucker that I want him to correct a few dimensions on the drawing and that I want him to illustrate the headphones on the bulkhead – this way JE can "SEE" how the hooks lay out with the *headphones resting on the hooks* – it will help JE with understanding the spatial relationships.

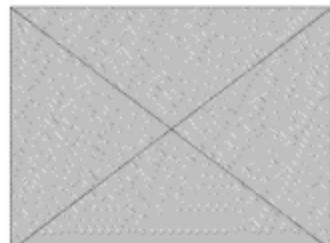

After I receive the dwg I will fwd it to both you and JE.

I am pushing Sikorsky to get this done today.

Sincerely,

**Eric Roth**

Do we have what we need to move forward with the headset hook locations or do they need to be repositioned? If so, where?

Regards,

Tucker
