Subject: Foot massage

So I sold all my sbux options and wanted to get you something with my earnings :)
I found a russian guy who specializes in foot massage, reflexology and is also a
chiropractor. He speaks no english. He does all the ballerinas feet and sports
massage. I tried it and it was the best foot massage I ever had. It was so strong
I couldn't take it but you would love it. He adjusted my big toe :)
I tentatively arranged for him to come on sunday for the day and work on
everyone. He can do long foot massages, full body or adjustments. I think you
would really enjoy it. Can I confirm it?

PS: Igor will have to help me talk to him arranging the travel because this guy
really doesn't speak any english...I tried to ask him questions and he just said
'I understand bodies, not english' so I had to have a russian lady translate
everything :)
