Not good!

I feel I can't do it on my own anymore! I almost finish all the positive energy you gave me last time when I saw you! My batterys are almost finished!

I'm running in a circle,going nowhere!

I wanted to start a new life here, to work, to rent a place, but seems like everything is against me! My boyfriend gives me a lot of moral suport, and belives in me like noone did before except you!

I have to take serious decisions as soon as possible!

I liked this kind of life, but is becoming more difficult every day.

And belive me, since I spent that weekend with you I started to belive more in me and my powers...but as I said before,I'm becoming week.
