I spoke to Cindy at John Dinan and she said they want to do a complete survey of your property (hallways, stairs, roof...where ever you say it is ok for them to go) They go in with an inspector as well as a photographer and check for cracks in walls, etc...any pre-existing conditions. It is really to safe guard you from anything. She said this is up to you and you can decline this inspection if you like. I will give Rich John Dinan's phone number unless you tell me otherwise.
