Hi Jeffrey.. in france now on my way to cosmology meeting.. I still wasn't sure about your message.. but two things

1. I am moving forward with possible templeton event in NYC in december, as per your advice.. this will alienate me from my pals of course..
2. I am really thinking of a 3 mo Origins workshop on evolutionary dynamics and synthetic genomics, possible co-chaired by Martin and also George Church, in phoenix, Jan-March of 2011, perhaps, if they are able.. with 20 of the best people in the world hanging out.. are you interested in supporting this (and possibly one on gravity?)?
