They won't let me rent the Corvalis for a month. This is what the sales guy wrote:

Hi [REDACTED]

At this point there are no rental 400's available. As soon as one goes on lease back to a flight school I'll let you know. Purchasing for lease back might be something you should consider as it offers a great tax advantage and generates revenue. Let me know if you would like more information.

Regards,

Dave Bardeau
