**Subject:** Hammam

On the Hammam, I was able to discuss the exterior elevations with Hasan yesterday and communicate your concerns. I believe he understands the concerns, especially with the West & South elevations. We both agreed that the North elevation is the most pleasing; its all about symmetry and proportion. We'll see what he comes back with.

I'll be sending a revised Hammam site plan by tomorrow which shows the revised entry court. It makes the East elevation make more sense.
