Lesley,

Nice speaking with you. Per our conversation, I would like to speak with Jeffrey to inquiry if he is, or can be involved on the sell side for seasoned or slightly seasoned medium term notes. We have buyers made up of Pension Funds, Hedge Funds and a couple of private people looking to buy Medium Term Notes if he has a source to sell them.

My colleague in these Medium Term Notes is Larry Dager, a friend from Delaware and a "nice guy". We have been doing business together for some time and he has given me this opportunity. We can all call into a conference **call-in number at [REDACTED] at Jeffrey's convenience** if you can arrange a time that will work for him and let me know.

Lesley, due to Jeffrey's past situation he would have to stand aside and use me as a "stand in" for these transactions. The financial opportunities are tremendous as he is aware, and it's important that he understands that these are very real people doing this. - I know Jeffrey dislikes to be peace mealed information, so I am sending the paper work that we use in these MTN transactions in the next email for his review and knowledge.

I look forward to hearing back from you and/or Jeffrey to see if we can arrange a call at the above number. - Very exciting stuff...

Warm regards,
