They begin at approx. \$10.8M and go up to \$12.575M. The monthly's for the penthouse will be a little over \$4000. This covers all of your amenities, including white glove valet, concierge and 24-hour guards. It also covers for earthquake.

Is that a bit more helpful?

Thank you!
Josh

It was nice speaking with you briefly. Attached are the layouts for our penthouse units available for your friends in New York.

Have you been to the website? There, you can see pics of our Fendi Casa model, the amenities, grounds and gorgeous two-story grand lobby. If you would like additional pictures, I will provide them for you. Just let me know. Also, feel free to call me anytime as well.

Best wishes,
