Subject: Fw: Re: Step down to dock

Doug's explanation of why the dock steps were not finished. Would you like me to find a local handyman?

Story

Dear Story, We originally provided a proposal for a stone step down to the dock but Jeffrey did not approve and requested a wood step that would be 8 feet long and be made of wood 2x4s which Worth Builders knows about and can build but Jeffrey has said he does not want to use Worth Builders and has not paid their outstanding invoices. A handyman should be found in Palm Beach to do these small jobs, I don't know fo one. Regards, Doug

JE informed me that you were working on a step down from beside the cabana down to the dock. JE was wondering what the status on this was?
