Subject: Bell 407 schedule

Jeffrey,

I am planning on taking the Bell 407 to Fort Lauderdale for 6 month lube inspection, I plan on leaving the helicopter there, since I need to change an amp gauge that has a few LCD lights burnt out. I will try to repair our gauge, it will be more cost effective, than going exchange.

-I will stop at midnight express and meet with Harris on production of your boat and deliver the radio for installation also.

is this approved?

thank you,

Larry
