Dear SALSS Family,

The celebration of SALSS 5 exceeded everybody's expectation and I am personally very touched by the appraisal and the beautiful thank-you letters I have received from so many of our distinguished guests.

Many of you have written and expressed an interest for the fantastic innovative presentations given during the summit and it is a pleasure to inform you that most of them are available on:  
<http://www.swedishamericanlifescience.com/program.htm>

Photos and collected impressions as well as the promised concluding remarks are available on:  
<http://www.swedishamericanlifescience.com/index.htm>

We are glad to report that the media coverage of SALSS, particularly in the US, has been immense. Over 160 media reports were noticed including many prestigious media channels.

I am still in Stockholm this week if anybody wants to contact me here but I will be going back to NYC on September 14.

The idea of hosting a SALSS USA in Washington DC sometime next year has been met with great enthusiasm particularly among Swedish attendees and we will definitely explore this option with our good contacts down there. I will let you know.

Again, thank you for making this year's SALSS so special! I hope to be in touch with most of you in the near future.

On behalf of the whole SALSS team,

All the Best,

## Barbro
