Subject: ABQ flight training

Jeffrey and [REDACTED]

I spoke to Bode Aviation in ABQ, they use a C172 G1000 for IFR training, I left a message for John Bode to call me so I could work a deal with him and his company for [REDACTED] IFR training, The aircraft rents for \$139.00 per hour plus \$40.00 extra for the instructor.

No air conditioning, in that area, the heater will be utilized more.

[REDACTED] should speak to the IFR chief instructor, Lee Truit to see if she likes him.
