**Announcing Natural Breast Augmentation:
Large Volume Fat Transfer to the Breast
with Todd Malan, MD
Workshop space is limited, so please register today!**

- The first physician in the western US to perform Smartlipo
- Has performed more laser lipolysis cases than any other US doctor
- Creator of the Natural Breast Augmentation
- First CME certified Fat Transfer Breast course in the US
- First US physician to offer Stem Cell Breast Augmentation

This 2-day course is designed to introduce physicians, currently proficient in tumescent liposuction, to a new minimally-invasive procedure utilizing autologous fat micro-grafting for breast augmentation. This procedure offers single-stage, large volume transfer resulting in volume

increases of 100 to 350cc on 2-year follow-up. With graft survival averaging over 90%, this procedure is now being recognized as the future of cosmetic breast surgery and reconstruction. Course will also cover harvesting and grafting techniques for Stem Cell Fat transfer procedures.

Day #1

9:00 am History of Fat Transfer & Fat Transfer Techniques
10:30 am Break
11:00 am Brava System
12:00 pm Lunch
1:30 pm First Case
5:00 pm Adjourn

Day #2
