Good evening. How r u?

I have a question...I

Recently when we have sex with richie he likes to kiss me a lot...it was like that in the beginning few months ago...but then it kinda wasn't so much anymore...and now again...I mean I like it..u know like a passionate kissing with tounge...so I was just wondering if that means smth or nothing...
I ll appreciate ur answer if it won't bother u....thank u very much

And also tmrw I'm starting my french private teaching...intensive one...I'm very excited cuz on my trip in europe for the shows in paris I realized I'm pretty good at languages..and I have french basics from school...and I like the language!its also good for french clients...and in general as well I think...
