Subject: Hi

It's almost July :-)

Did an Oprah shoot last week, and heading out to do a Town & Country (I'm the mother of the bride...stop laughing) and these darn editorials literally pay squat.

Can you believe models do these to get the tear sheets for their portfolio's? Unreal to me.

Wish me luck...

Oh...heading back to Iowa for my granddaughters 6th birthday next week. Hard to believe huh?
