To: JEE

As requested I viewed the Protector boat this morning with Larry and Adam. The boat was not available for a sea trial, and was on the wash rack at Loggerhead Marina, Riviera.

From an non boaters point of view,

Condition: Immaculate  
Engines: Very well maintained/ 174 hrs, just serviced  
Maintenance: First Rate  
Design: Very well thought-out  
Look: Personally I like the lines and the color.

My recommendation if it was my money and knowing the body water between STT and LSJ, and the waters it operated in in NZ, I would purchase this boat.  
A turnkey boat.

Brice
