Dear, Dear Jeffrey!

Privet!))))))

How are you?

I'm fine, living on Manhattan Beach for one week. I love here nothing but the nature. Day by day I go to ocean to swim, that's great! I love it! I feel myself here like on vacation near ocean. But still for work, friends, places I should go to Manhattan, that's why I plan to move in the begging of August back in the city.

Hope, you become more & more cheerful with every passed day.

16days...

Miss you...

Love you,  
Kisses,  
Me&Myself
