Ok...

don't get too aggressive..I am 61 for 24 more hours...born at 9:00am on the 17th. xoxo Peg

Had a sensational screening, panel discussion and dinner for "The Cove" about Japanese killing 23,000 dolphins a year. Want a copy? Jim Clark thrilled he had a social life for a night. He moderated the panel...and did the after party at his 838 Fifth brown, brown, brown groovy apartment- you would faint...and schmooze with Adrien Grenier of "Enterouge"...whale lover Pierce Brosnan who came to party after shooting all day with "Twilight" heart throb Rob Patterson and having 12 year old kids mow down Rob and not know who Bond is on the set every day...will send more later. 61 year old Peg
