I noticed during my last visit the accumulation of leaves and landscape debris in the pool. To help keep the pool clean between service visits, Larry will be purchasing a pool cleaner and leaf net for the pool. He will show you how to operate/maintain cleaner. Please note skimmer baskets will need to check and cleared daily to maintain proper pump circulation.

Any questions or concerns please contact me

Brice

PS It might be a good idea to purchase a leaf blower to clear walk ways and patio's between service visits as well.
