Hi Lesley, can you get this message to Jeffrey please? Thanks! [REDACTED]

Jeffrey,

I have a gold bullion deal that I need a buyer for. The gold bullion deal is that South Korea wants to convert it into hard currency and they have available 500k mt in 1kilo bars and the price is discounted 13%/9% of LMBA with a 4% commission. Minimum transaction 500 MT.

Would you be interested in buying this from me, or do you know someone who would be interested?
