Story,

I emailed you a Royal palm and Seagrape pruning proposal. Can you let me know how to proceed. I had it scheduled for today but cancelled because of wea the r problems. I would like to do this work asap since JE requested it earlier in the week.

Thanks.

I received the email from Joe re tomorrow's meeting however I cannot make. I have an appointment that I cannot break in the mid morning and it is in the western area of the county. I will speak with Joe during the day and find out what resulted.

Talk soon.
