Jeffrey,  
Hello.

You may not be reading any of the diatribes that are being spewed out. I saw this. The main article is a hatchet job on you. But there is a comment (the first one following the article) from "Watch Your Kids" that strikes a chord (and she doesn't address the issue at all of what you did or didn't do): what were the families thinking while their daughters were running around the city doing who knows what (and even sometimes with their family knowing they were doing things that couldput them in a compromising situation---and condoning it).

I am happy for you that you have more freedom now.  
I know it will happen best when you can get out of Florida.  
Enjoy the rest of summer,  
Woody
