Subject: TV bracket

The Peerles SA750 Articulating bracket is rated for 150 lbs.
The Sharp Aquos ultra thin series has a great picture only 50 lbs. but largest is only 52 inch.
Sharp makes a 65" LCD also that would work, weight 140lbs.
Sony introduced an XBR 70" recently,
I will get weights, specs and other options for you.
Thanks.
Larry
