**Subject:** Re: Jet Ski Lift

To JEE;

Reference PBI, Larry, mentioned that since the water behind the house is murky, no one really uses Jet Ski's or Wave Runners in the area. As of date we do not have any Jet Ski's or Wave Runners at the PBI house, but perhaps you might which to keep one - do not install it would make a nice offer if the house possibly is listed for sale.

My only concern is the limited storage within the PBI house & storage unit. Given that there appears to be some limitation with the strength of these units, it would be a shame to have to purchase lighter, less powerful Jet Ski's Wave Runners to accommodate the lifts.

Please advise how you would like me to move forward  
Warmest regards

To JEE:

Attached photos show the installation of the jet ski lift that you rejected. last year, noting that they also are not strong enough to handle the weight of the LSJ Jet Skis

2 lifts were purchased at \$4,642.00 plus shipping.

Would suggest that we try and sell them. We have completed some inquires locally & everyone agrees that they are neither large or strong enough for local conditions. Perhaps they could be sold in FL, please advise

Warmest regards
