Jeffrey,

Please find attached Plan A and Plan B for the new Kitchen.

As per your directive, I am proceeding with Plan A with a layout similar to that at Zorro.

Brice has suggested ideas to pursue in its development, which are shown in Plan B.

Please note while the overall concept is the same, an open main space with a separate  
Butler's Pantry and Pantry.....

Plan A is symmetrical in plan with overall open circulation

Plan B is asymmetrical in plan with directed circulation

Please review and comment.

Thank you.

Silvina
