At the presents i don't have opportunity to earn money...the theater season is over...i've made some money playing in tv shows, and little performances...i put it on the side for pilates school. i don't spend money at all. one thing only-food. by the way, the last time when i was in New York i didn't spend the all money which you gave to me. i am keeping it, i will need it if i go back to Geneva. The first course will be at my cost and then I will discuss whether I continue with all the training to become a teacher at Swissbody. The Susan (pilates trainer) offers me to pay for my studies after first course...if she sees me as a good teacher she will allow me to teach from September. she will pay me a half on the salary and the other half will cover my studies! sounds good! usually is impossible...first you have to get a certification, when to find the job. would do both things in the same time.

The idea to open consignment must be very strongly calculated...we have to analyze the market first and just after we can decide if there any point to open the business in lithuania. I am just waiting the meeting with financial analytic who is gonna help me to calculate and value the opportunities. borrowing money from you makes me feel very responsible for the whole thing, that's why i want to be 100% sure about opening this boutique.

Thank you so much taking care of me...that means so much to me.

Warmest hugs for you and [REDACTED]
