Title: Cannes to "Ghent Again: The Second Hip"

Since today is Memorial Day in USA, you may not get this till Tuesday....the day of my operation.

I am at the airport now on my way to Brussels and on to Ghent.

I had a sensational time at the festival...saw all the films I needed to see....saw all the executives and directors that can hire me....and accomplished a great deal.

My diary has been cut back to four pages from ten last year, which a huge relief because there were no big stars in Cannes this year- except for Brad and Angelina...

I have plenty to write about....and my deadline is Friday...and will write it in Ghent....

I will send more info to you later- boarding now-

Once again you have absolutely changed my life....so let's just hope I can walk after the new second hip...to enjoy it!

Sandy Cunningham send the whole itinerary for the kids for Kenya...and will follow up tomorrow...

Hope you are well. We are all counting the days for freedom....I am coming back to see you..

More to come.

xoxo Peg
