Title: FW: Gradall LSJ To: JEE

Confirming yesterday's response, do we have approval to purchase Gradall that was forward to you by Emad.

Total cost including shipping \$40,000.00

attached are photo's of 1 of the Two Gradall's (544D) on Island
this machine has a blown engine and repair cost for just the block is estimated at 12k not including labor

After inspecting this machine, this is not the only repair/ major maintenance required, estimate about 15 to 20K

requesting approval to investigate the replacement this unit.

Please note that there is a definite need to have two units operational on island.

regards Brice
