Subject: LSJ STORAGE

LSJ-STORAGE.doc

This is a list of furniture I found in storage today.

There is another full container of cushions; We definitely have enough of those.

All clothes and linens are in a great condition packed in plastic containers and labeled. Most cosmetics need to be replaced. There are 2 queen mattresses that can be used in Dave's house and the flag pole house but no king or twin. We need to get those for the master bed and the guest beds.
